

Teaching Developmentally Appropriate Dance in the PE Curriculum

Develop your subject knowledge and confidence in teaching dance.

Dance is one of the areas of the PE curriculum in which teachers often lack confidence and frequently ask for support.

This course is designed to enable teachers to develop their subject knowledge and increase their competence, confidence and enjoyment in the teaching of dance.

Key Ideas:

- Setting out clear principles for the teaching of dance. Why dance?
- What we want children to learn in dance across the primary curriculum
- Exploring the procedural knowledge and semantic knowledge required in dance
- Lots of practical ideas and a resource to take away with examples of lesson plans for all year groups

Target audience: Teachers who teach dance in primary schools.
